

MOSAIC HEARTS

Show your community spirit by participating in the [Skokie Spirit Shines Through](#) campaign. We're supporting the Village of Skokie to uplift our neighbors and the Skokie community during this difficult time.

If you have a printer at home, you can print a 8.5" x 11" Skokie Spirit Shines Through window poster [in color](#), [in black and white](#), or as [a coloring page](#). Or you can show your community spirit by making your own mosaic heart.

Get Crafty! Make a Paper Heart

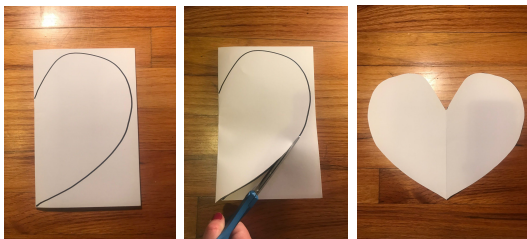

Supplies:

- Piece of paper
- Writing utensil (pencil, pen, or marker)
- Scissors
- White crayon (or craft glue and table salt)
- Coloring supplies (crayons, paint, glitter, colorful paper)

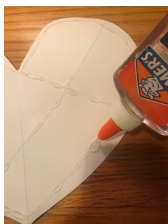

Instructions:

- Cut out a large heart from a piece of paper. Fold your paper in half, draw half of a heart along the crease, then cut along your drawn line. Unfold for a full heart.

- Using a white crayon or craft glue, carefully outline your heart, then draw three white lines across it to create shapes. This will help give it a mosaic feel. If using glue, try sprinkling with white table salt to thicken the lines. Dump any excess salt. Let glue dry completely.

- Using markers, crayons, paints, glitter, or any other craft supplies you already have at home, fill in shapes between your lines.
- Hang your craft heart in your front window as a message of hope.

Get Outside! Make a Chalk Heart

Supplies:

- Masking tape
- Sidewalk chalk

Instructions:

- Outline a large heart on your sidewalk using masking tape.
- Create shapes by placing tape across the inside of the heart.

- Color in each shape.
- Pull up all the tape. The tape should have protected the sidewalk in between each color block to create a mosaic. Your neighbors will love seeing your message of encouragement when they go for a walk.

Want to do more?

How else can you let your Skokie spirit shine through with mosaic hearts? Try painting one on your front window or creating a decal for your family's car. Try a lawn sign or window banner. Use whatever colors best show your community spirit. Be creative!

Go for a walk in your neighborhood and count the hearts you see.
